

Sculpture Park

Walking & cycle route

The Sculpture Park walking route is idyllic for those interested in art and beautiful photographic landscapes.

The landscape changes dramatically with the seasons, be it the beautiful flora of the summer months or the autumn gold when the grasses go from green to gold in September and October.

Each sculpture is inspired by the landscape and has a unique story, make sure to check out the information panels to get the full history behind each piece.

This sculpture park offers 24 innovative works of art by Irish and International Sculptors.

Don't forget to take lots of pictures and send them to us on Facebook and Instagram. We love to see your pictures.
